HOW DOES IT WORK?

Step #1
Call Pro Bono Counseling at 410.825.1001.

Step #2
Participate in a short, confidential phone interview.

Step #3
Connect to a licensed volunteer counselor or other resources.

Potential clients call PBC and talk with staff during a short, confidential phone interview. Then, based upon the needs of the client, staff either match the client with a volunteer therapist or a more appropriate resource. Counselors are located throughout the state, and every effort is made to match the client with a geographically close therapist. In the matching process, client preferences for a counselor’s cultural background/expertise, gender, and therapy style, among other factors, are also considered.
